#01) Shawn Eric Mullins
SM Records
1989

CS SM-001

This was an indie cassette that Shawn made. About 500 copies were produced, and I've never seen one. I suspect its virtually impossible to find, though I've heard someone mention it before, so perhaps they have a copy.

This discography has been compiled by Alan Fleming (alanf@dorje.com) from personal experience, albums, tapes, CDs and hopefully corrections from messages on the Internet Indigo Girls electronic mailing list. Information on the Indigo Girls mailing list can be obtained by sending "help" via email to: listserv@netspace.org
Please send corrections or additions to the author.

The format of this discography is shamelessly stolen from Stephen Clark's exhaustive Indigo Girl's discography. Stephen developed the format so it would be easy to edit using emacs. Since I'm a diehard vi user, I haven't completely conformed to his layout.

Hopefully, there will soon be a long list of folks that helped fill in the sketchy info that I have provided. I'll even add you name to this thing if you help out. Remember, that number again is:

alanf@dorje.com

Thanks:

First and foremost to Shawn Mullins for providing me with some of this info. He has been very generous in answering my questions.
